This in my opinion satisfies what a closeout letter should entail. I would like to share it with Grant Jonathan in R2 for his perspective. Please don't think I am asking for his approval, but I do value his thoughts on tone with these communications and feel it would be prudent to get his opinion. Are you ok if I share with Grant?

Subject: Seneca Nation Cover Letter - Final Permit Issuance to Roulette Oil & Gas

Hi Brian,

Do you mind taking a look at this cover letter for the issuance of the final permit to Roulette. The UIC program has worked with ORC to address all of the public comments that we received and we're ready to make our final permit decision. I believe that with our decision to issue the final permit, that effectively ends the consultation with the Seneca Nation on this permitting action. I want to send this letter to the Seneca Nation through concurrence with the final permit for Cathy's signature.

ORC has already reviewed the letter. Please make changes as you see fit and please let me know if you have any questions.

Thank you!
